Mike Filey understands every nuance of Toronto's ever changing cityscapes, its history and the people who shaped that history. He has written almost two dozen books on the topic including "A Toronto Album", "I Remember Sunnyside", and "A Guide to Mount Pleasant Cemetery".

He also chronicles and explores our past in a long standing weekly column in the Toronto Sunday Sun. Those columns form the basis for a dozen volumes of "Toronto Sketches, the Way We Were" that are like looking out the window in a fascinating time machine that winds us back to the point one can almost hear the clatter of horse hooves on cobblestone streets

Capturing not only what the city looked like as it evolved over the decades but what it was like to live in - day to day for our parents, their parents and their parents.

Mike will be giving a one hour talk and slide show that shares his famous humour, decades of research and keen passion for this wonderfully rich history that surrounds us every day.
